CLOSURE OF THE 2020 ADMISSION EXERCISE ON CENTRAL ADMISSIONS PROCESSING SYSTEM

Members of the University Community may wish to be informed that the 2020 Admission Exercise is at its end.

Candidates who were earlier informed of the need to upload their ordinary level, OND, NCE, JUPEB, IJMB and advanced level results should endeavour to do so on or before Friday, 27th August, 2021 as a good number of candidates are yet to do so.

There were also candidates whose change in JAMB have not reflected. Such candidate are expected to go back to refresh the changes done in order for them to reflect for proposing and recommendation to enable them accept and print their admission letters.

Failure to comply with the above directives will result to the following:

- (i) That affected candidates would not be able to mobilize for the one year mandatory National Youth Service Corps upon graduation.
- (ii) Affected candidates would not be captured in the matriculation register of the Institution in the Joint Admissions and Matriculation Board (JAMB) website.

The Deputy Vice-Chancellor (Academic) is hereby prayed to direct that this information should be published in the University bulletin and website, for the information of those concerned.
